SAVED WHILE WORKING AS
A COBBLER, NOW INDEPENDENTLY RICH

W. L. DOUGLAS,
Known Everywhere.

After learning the cobbler's trade young Douglas went to Colorado, where he saved a few hundred dollars and returned East to establish a small shoe factory, the output of which was 48 pairs a week. His factory now turns out over 15,000 pairs of shoes daily. If Douglas had not fixed his mind on the future and made a savings resolution and stuck to it, he might still be pegging away in Colorado, while he has been manufacturer, governor of Massachusetts, mayor of Brockton. What are you going to do? Why not start a savings account? It is the short cut to independence. One dollar deposited here makes the start.

SPLENDID PROGRAM AT POPULAR
THEATER FOR THE COMING WEEK

Cyril Scott in "Day of Days,"
Marta Golden, Pauline and
New Pathe Weekly

"The Day of Days," that weird novel from the pen of Louis Joseph Vance, has been dramatized and filmed by the Famous Players and will be shown at the Popular theater commencing with Wednesday's matinee with Cyril Scott as the star.

Vance bases his exciting novel on that Oriental fatalism which assigns to each and every human being a "day of days," wherein they shall range the skies and plumb the abyss of their destiny, alternately his lord and his puppet. The story and the film carry one from the lowly earth to the lofty peaks of romance. Percival (Cyril Scott) is a bookkeeper who has led a most inane and unexciting life, but suddenly becomes the hero of a chain of fascinating and fantastic adventures, as a result of which he wins fortune and love.

Rarely have incidents of such a thrilling nature been portrayed on the screen and Cyril Scott renders one of the most interesting characterizations he has ever portrayed during his varied and successful career before the camera.

Another up-to-date-Pathe Weekly

films will be shown and the past few weeks has demonstrated that the Popular theater is giving the theatergoers of Honolulu the latest to be secured in this favorite film.

The "Perils of Pauline" third installment shows the machinations of the villain, Raymond Owen, almost successful in the destruction of the helpless whose fortune he covets. The "perils" are becoming a habit in Honolulu as elsewhere and this serial film is rapidly gathering a following of its own. The interesting story in the Star-Bulletin each Saturday is reproduced on the screen at the Popular during the week following and the lovers of excitement and romance, after reading the thrilling story, are given the treat of seeing it acted out in the silent drama.

Miss Marta Golden, fresh from two seasons of success on the mainland, is an added attraction for the coming week and this charming comedienne, who scored such a big success when here two years ago, will have something new to offer Honoluluans. Miss Golden is a refined vaudeville artist whose work is of the highest order, and she has prepared an exceedingly good program for her local season. Something out of the ordinary in song and piano is guaranteed with the appearance of this artist.

BARON EXPECTED TO CONTINUE
SHERIFF PROBE STARTED BY BROWN

New Member of Police and Fire
Board Named By Mayor Is
Acceptable to Supervisors

Mayor Fern and the board of supervisors relieved C. H. Brown of a very embarrassing situation Saturday when the former accepted Brown's resignation from the fire and police civil service board and appointed Peter Baron as his successor, the appointment being confirmed by the supervisors.

Brown was much worried because his resignation, tendered some three weeks ago, had not been accepted by the mayor. Brown has been elected to the house of representatives of the next territorial legislature and the

Organic Act says a legislator shall not hold another remunerative position under the government. He already had placed the matter before Attorney-General Stainback, seeking his opinion as to whether, if the mayor persisted in retaining him on the civil service board, Brown would be qualified to sit as a member of the lawmaking body.

Brown continued to serve as commissioner after the recent election, demanding at a recent meeting of that body that an investigation be made of the report that police officers under Sheriff Charles Rose took an active part in the electioneering at the booths on November 3. Baron, who takes office immediately, is expected to take up Brown's work on this matter, but whether he will do so remains to be observed.

APPEAL IS MADE FOR FUNDS FOR THE
KAUIKEOLANI CHILDREN'S HOSPITAL

The Kaulikeolani Children's Hospital, the institution on Kaikini street which, since the first of this year, has cared for and ministered to the ill of 605 children, is in need of funds. In order to meet a deficit at the end of the year, also in order that it may carry on its work, the hospital must have \$1500.

Through a circular letter which now is being sent out under the signature of W. O. Smith, treasurer, and E. A. Mott-Smith, chairman of the house committee, an earnest appeal is being made for funds and Honoluluans are urged to contribute, however small the subscription may be. The circular letter follows:

"The trustees of Kaulikeolani Children's Hospital would call attention to the condition of the finances of the hospital and the need of assistance.

"By the end of this year the hospital will have been in operation for five years and has exceeded expectations in the good work which has been accomplished. Up to September 30, 1914, the number of patients admitted had been 1812, a very large proportion of whom were charity patients. "The following statement as to the number of patients admitted will show how the work is increasing. The total number of patients admitted during each of the last four years were as follows:

In 1911 patients admitted.....261
In 1912 patients admitted.....272
In 1913 patients admitted.....420
In 1914 patients admitted to
October 13.....505

"The income has not been sufficient to meet the running expenses. Anticipating this Mr. A. S. Wilcox, when he donated funds for the purchase of the site, the erection of the buildings and procuring the necessary equipment, also donated \$5000 towards the running expenses. This donation fund has been exhausted and about \$1500 is needed to meet the deficit at the end of this year.

"The endowment fund amounts to a little over \$100,000 and before long an effort will be made to increase this endowment so as to avoid, in the future, asking for contributions for running expenses.

"Every reasonable effort has been made to conduct the affairs of the hospital economically, but notwithstanding all such efforts the present income has not been sufficient. The expenditures made have been fully justified and many lives have been saved and much suffering relieved.

"Any contribution, however small, to help meet the present needs will be very gratefully received."

ITALIAN PRIEST'S NEW
WIRELESS WONDERFUL

[By Latest Mail]

LONDON, Eng.—The Morning Post prints the following despatch from its Rome correspondent:

The German government has offered a large sum to Prof. Argenterli of Aquila, for his pocket system of radio-telegraphy. Signor Argenterli has patriotically refused the offer, preferring to place his invention at the service of his own government.

"He has carried out experiments successfully before an Italian commission, and he is coming here to lecture on his invention.

"The apparatus costs about 12 shillings (\$3), and is capable of intercepting messages from the Eiffel tower, 730 miles from Aquila."

President Poincare signed a decree admitting fresh meat to France free of duty until further notice.

GERMAN BOYCOTT
FOR HOSTILE POETS

[By Latest Mail]

LONDON, Eng.—The Berlin Vorwarts announces that a boycott to be placed on foreign poets. Among the first that will be boycotted are Gabriel d'Annunzio and Maurice Maeterlinck. The Germans, it is said, have concluded that neither the Italian nor Belgian poet is a man of any particular genius and that boycotting their works will be no great loss to German readers.

Both these writers, since the war began, have shown marked hostility to the Germans, and numerous German journals, Vorwarts says, are recommending that their readers banish d'Annunzio and Maeterlinck from their bookshelves.

Because of drought conditions there is considerable fire danger in the forests of the East this fall.

CHILDREN FREE
AT THE POPULAR
TOMORROW P. M.

Dr. John W. Wadman Issues
Invitation to Performance
of "John Barleycorn"

Tomorrow afternoon the doors of the Popular theater will be thrown widely open to school children who are invited by Dr. John W. Wadman, superintendent of the Anti-Saloon league, to see "John Barleycorn" and some other interesting and instructive pictures. Complimentary tickets are being distributed, but any who do not happen to receive the same will be nevertheless cordially welcomed. There will be two matinees, beginning at 2:30 and 4 o'clock.

In the evening a small charge of five cents to all parts of the house will be charged, just to help out a little on the expenses. The evening shows begin at 7:30 and 9 o'clock.

SUPERVISORS
'SLIP THE BUCK'
TO SUCCESSORS

Supported by an opinion by Deputy City and County Attorney P. L. Weaver the present board of supervisors has decided that it will not tackle the street improvement proposal for Manoa valley under the frontage tax plan. At the board's last meeting it agreed to defer indefinitely the Manoa improvements, leaving the problem for the incoming board next January. The latter is pledged to the frontage tax system.

Pacheco stated at the board meeting that about one-sixth of the property in that district coming under assessment for frontage tax belongs to the territory. Weaver's opinion is that government property cannot be assessed. "This, Pacheco said, means that the county would have to stand the assessment of this one-sixth for improvements estimated to cost, in the entire district, about \$75,000. He said the county could not afford it. Lester Petrie, chairman of the road committee, agreed with him, adding that inasmuch as the next board is pledged to the frontage tax system it should be given the privilege of inaugurating and testing the innovation.

It also looks now as though the present board does not intend to finish its improvement on Kaiakua avenue, the mauka side of which is to be repaved under an \$11,000 appropriation recently set aside by the supervisors.

Petrie informed the board that Engineer W. A. Wall had been instructed to proceed no further on that job until the property-owners along that thoroughfare have placed their curbs. The grading has been practically finished by the city, he said, and the property-owners should be given the usual 60 days' time to do the work themselves, after which the city could go ahead and lay the curbing, assessing the cost against the owners. But he suggested they should be taught a lesson—that if they don't lay the curbing in that period the entire work be held up until they do their share. Thus it appears doubtful whether the board's final bit of highway improvement will ever be completed by the present body. It may be left over for the incoming board to finish.

WOMEN SHOULD
TAKE WARNING

If the statement made at a New York assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression, that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy, made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition—advertisement.

XMAS FOR BELGIUM

The Christmas Cheer Committee wish to announce that until New Year all contributions sent to Miss M. Catton, P. O. box 324, treasurer, will go direct to the starving children of Belgium.

It is hoped that many who would otherwise spend money on needless presents among relatives and friends will remember those of Belgium, who are in such dire need.

Cash boxes for the above fund are placed in the Honolulu drug stores. Island papers please copy.—Adv.

Hawaii Newspaper Day

Every state and territory in the Union and many thousands of mainland cities, as well as Canadian towns, are "represented" in Hawaii. These places will all "feel" a message from the Isles of Peace if the people here cooperate in observance of newspaper day. All helping will bring success and satisfaction. Let the mailing lists be long and the sending prompt. The paper of Saturday, November 28th, is the one to order.

Faithfully,

HAWAIIAN PROMOTION
COMMITTEE.
